Specifics:

The purpose of this Interagency Agreement (IA) with the National Security Agency is to develop, maintain, and conduct information systems security forensics activities in support of the Department's Information Security Program (classified).

This Interagency Agreement with NSA was transferred to the OCIO in Nov 04 from SP-12 (Office of Security). At that time, the prime contractor was Lockheed Martin. A new award was made to Windermere when the contract was recomputed by NSA in Dec 2005.

Period of Performance:

This Interagency Agreement (IA) has a life cycle of (August 29, 2001 through September 30, 2010).
